

2008  
will be a  
**YEAR OF WORLD MISSION**  
for  
The Presbytery of Donegal.

- Hear and see great things that God is doing TODAY, as Jesus commanded us (John 4:35, NIV): “open your eyes and look at the fields!” Be inspired by how truly “They are ripe for harvest” – around the world and specifically in Africa, Central Asia, North America, and China.
- Be updated on the 2007 major changes in the PCUSA’s World Mission organization and approach.
- You and mission leaders of your congregation can have your trust in God refreshed and deepened at a one day retreat – on a Monday!
- Engage in meaningful prayer for needy areas of the world.
- Possibly join a group traveling to Turkey and Central Asia to see how God is working there today and to visit several sites of the churches of the book of Revelation.

See the back of this sheet for details.
